

Title: Research Associate

Industry: Healthcare Practice

<https://www.egonzehnder.com/industries/health>

Egon Zehnder is one of the world's largest and most successful consulting firms, focusing on Executive Search, Leadership Assessment and Development, and Board Consulting. Founded in 1964, headquartered in Zurich, we have been present in India for 25+ years.

We take a highly specialized approach to finding, attracting, assessing and developing the world's top talent. Filling a company's Management and Board with the right people, and advising them on their talent needs, requires an understanding of industry developments, and an appreciation of company culture and assessment of individual's experience, competencies and potential.

We're looking for bright, dynamic and enthusiastic Researchers to join the Research Team at Egon Zehnder Knowledge Center India (EZ KCI), Gurgaon. Established in January 2005, KCI works in close collaboration with the Global offices of Egon Zehnder.

To know more about KCI click on this link :

<https://showcase.iimjobs.com/v2/rscp-egon->

The Research Team at KCI is a group of experts aligned to specific Industry or Functional Practice that works on with global teams in solving client mandates. The Researchers provide insights from internal/external databases, expert perspectives on industry trend and through their experiences. Most of the team members come with an industry specialization (working in consulting or industry or both) and deliver insights for solving critical client problems.

Candidate qualifications:

- Potential candidates are people with experience of 9+ years in Industry, Consulting or Research with deep knowledge of the Healthcare Industry at large, its competitive landscape including the latest trends
- Experience of working on international engagements in a professional services environment with an understanding of Global market
- You have a strong academic record, excellent communication skills, and strong independent execution capabilities
- A self-starter with learning agility, engaging remotely, thought partnering, critical

thinking, eye for detail, conceptual thinking

Due to high volume, we will only be contacting applicants who align most closely with our required qualifications.

Egon Zehnder is an Equal Opportunity Employer.
